

Metamark MD-PP210

210gsm Premium Poster Paper (Semi Gloss Finish)

Product Description

Metamark MD-PP210 Semi-Gloss Premium Poster Paper offers superb colour vibrancy, a quick drying time, and achieves near photo-realistic results. It is suitable for poster frames, displays, point of sale and fine art applications, and backlit displays. The heavyweight 210gsm paper has a bright white semi-gloss finish, and provides excellent dimensional stability. It has a water repellent surface.

Material Handling

- Ensure that the material has reached room temperature and a relative humidity of 50% before printing.
- Do not handle the face film directly and ensure it is free from dust and static.

Printing Guidelines

- Suitable for use on Solvent, Eco Solvent, UV and Latex inkjet printers. Always perform a test print first.
- Ensure that the correct profiles and heater settings are used. Most profiles are available for download from www.metamark.co.uk.
- The product is designed to be used without overlaminating.
- The paper does not become touch dry instantly. Avoid use of a take up roller and do not stack prints until fully cured.
- The durability of the finished print is dependent on the inks and printer.

External weathering	Indoor Use.

Warranty: Metamark (UK) Limited warrants to its customers that graphics produced using Metamark Digital Media will remain in good condition without excessive fading or colour degradation for the specified life time of the ink used, when correctly stored, printed and applied in accordance with procedures outlined in the technical literature. If within the specified years of normal use Metamark Digital/Vinyl becomes ineffective for its intended use, then Metamark will provide sufficient material to produce a new replacement marking, and will at its own discretion, contribute an allowance in additional material towards the costs involved in replacing the graphics. In all cases, the converter is held fully responsible for storing, processing and applying the unconverted materials in accordance with Metamark's technical specifications. Metamark (UK) Limited will not be liable for any indirect or consequential loss or damage, and will not provide any allowance against improper usage, application accident, negligence, chemical damage or improper repair. **Please Note:** The above data is given in good faith to provide an indication of the performance of the product. Purchasers should consider the suitability of each product for its intended use and the purchaser assumes all risks in connection with such use. Seller shall not be liable for damages in excess of the purchase price of the product nor for incidental nor consequential loss.
